A F R I G I S
Simseek

If it has a SIM you can find,
manage and track it.

A F R I G I S | everything about everywhere.

087 310 6400 | products@afrigis.co.za | www.afrigis.co.za

We answer **WHERE**
by bringing quality location
information to life.

Find and manage any **sim-enabled device**
on a **context sensitive map**.

Use as a backup for **traditional**
GPS tracking.

Immediate activation and approximate
geo-location, no app installs.

Because if you know **WHERE**
then you'll know when, who and how.
